Sample participant feedback from previous workshops:

"Excellent conversation and large group discussions!"

"Our discussions were amazing! You were able to uncover our deepest concerns and help us work them through."

"I was impressed with how you altered the morning's plan on the spot to suit us as our needs emerged."

"I loved your Small Business Scorecard – it really made me think differently about my business"

"Thanks for helping us set goals in all areas of our lives – not just business"

"I appreciated the balance you provided between quiet reflective time and discussions with our peers"

"Thanks for helping me understand how important it is to diversify sources of revenue, and also providing ideas for generating alternate streams of income."

"Studying different personality types really made me aware of how valuable our differences are in getting the job done."

"Today I learned some ways to have a difficult conversation and still validate the other person as an individual. You rock!! Thanks!"

"I loved the Time Tools workshop. It answered so many of my questions about why I have trouble managing my time, and what to do differently to get a better result!"
